

## Yasin Karagoz

Rodney and Yasin,

I just wanted to take a minute to say thank you for making yourselves available during the Google issue on 12/20/2022. Having to checkin after hours anytime of year is not easy; during the holiday season it is especially disruptive.

Thank you for being available so we could return the environments back to our customers, as quickly as possible.

Thank you to your family for understanding the importance of the event!

Have a safe and happy holiday!
